

### **Spring Team selection**

- Spring team target recruitment numbers will be set by the Milton Youth Soccer Board prior to registration. This number will be governed by (a) the number of players allowed in regularly scheduled league games, and (b) the number of players allowed in the individual tournaments in which the teams typically participate.
- In the event that there are not enough players in a specific age bracket, the MYS Board will be responsible for recruiting players until the target numbers have been met, at its discretion.
- If there the number of registered players exceeds the maximum target number set by the Board, try-outs will be held. Each tryout should be attended by at least three Spring soccer coaches, including the primary coach for that division.
- If a team is playing in a tournament which restricts the roster size such that not all Milton rostered players will be able to participate, it is the responsibility of the coach to notify team players and parents as to which players will be allowed to participate at least three weeks prior to the tournament or event.
